

# STANLEY STREET

- a) The creation of a new small public square at the junction of Stanley Street and Wicker Lane.
- b) A programme of environmental improvement works to help retain the existing light industrial uses and attract new.
- c) Transference of existing bus routes along Nursery Street to Stanley Street (Nos. 47, 48 & 53) to give weekday frequency of 28 buses per hour.
- d) Inclusion of a new multi storey car park on Stanley Street as part of a major new development to provide parking for residents, office workers and visitors to the area.

Stanley Square - photograph shows an active square of intimate proportions

indicative landscape treatment, which softens the hard urban landscape
